

Ph.D. Opportunities @ CSIR-IICT, Hyderabad

Institute with Industrial Outlook and Academic Ambience

PhD Programme: Subjects

Chemical Sciences

Biological Sciences

Engineering Sciences

Physical Sciences

Research Areas

Organic Chemistry / Organic Synthesis /
Process Chemistry / Natural Products

Medicinal Chemistry / Agrochemicals /
Fluoro Chemistry / Photo Chemistry /
Lipids Science & Technology

Analytical Chemistry / Molecular
Modelling / Computational Chemistry

Inorganic & Physical Chemistry /
Catalysis / Polymers & Functional
Materials / Nanomaterials

Biology / Chemical Biology /
Bioinformatics & Pharmacology

Chemical Engineering / Environmental
Sciences & Engineering / Bio-Chemical
Engineering / Chemical Technology /
Computer Science & Engg.

Eligibility: Master's Degree in relevant subjects and a Valid fellowship for Ph. D. programme such as CSIR/UGC JRF or DST-INSPIRE/ICMR/DBT fellowship etc.

Eligible candidates are requested to submit the application through the

link : <https://www.iict.res.in/aaui> or

send an email with your Biodata & Research Interest to

iictphd@csiriict.in
